327 PEOPLE

A total of 19 boats started their journey towards the Greek Aegean Islands, carrying 478 people. Of these, 13 boats were stopped/pushed back, while 151 people were registered on the Greek islands. So far this year, 193 boats carrying 4.645 people have been picked up by the Turkish Coast Guard and police. In the same period, 3041 people have been registered as arriving on the Greek islands on 105 boats. These numbers should have been significantly higher if not for pushbacks carried out by the Hellenic Coast Guard.

Transfers to Mainland

Transfers to mainland have increased 18.8% compared to last week, official population on the islands is 3.672 people. In the last 30 days population on the islands has decreased by 82 people. This decrease is largely driven by continued transfers to the mainland.

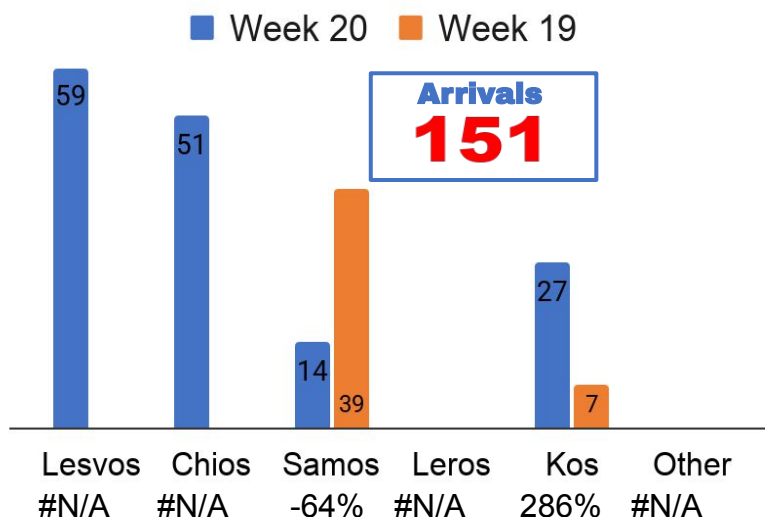

Without sustained relocations, population levels are likely to rise again as arrivals continue. Transfers remain the only effective measure to reduce pressure on the islands.
